540 Loughborough Dr., Campbell River, B.C V9W864

## **Gilakasla, Weiwaikum Membership**

My name is Carla Matilpi (nee Joseph) daughter of the late Ruby Joseph (nee Henderson) and Dorman Joseph. The granddaughter of the late Samuel Henderson and May Henderson (nee Quocksister). I was born and raised in Campbell River. I was married to Sean Matilpi for 23 years until he lost his long hard 6 year battle to a rare form of cancer. We share 3 beautiful children together Diego Matilpi, Tanisha Matilpi and Trevor Joseph-Matilpi. We worked as a team not allowing cancer to get in the way of our family life raising our children in a healthy active way by encouraging their education, involvement in athletic teams at a VIPL level and extensive culturally way.

I am involved in volunteering with our community groups including Thunderbird Recreation and It Takes a Village to Raise a Child parent group as co-chair. I feel it is important to me to give back to our recreation and lend a helping hand to our community. Our parents group meet to share our thoughts and ideas to organize community events to bring our community together as one. Lead by example our children are watching us.

Along with our circle of elders group it's an honor to help with fundraising events, with their annual bazaar and monthly bingo.

I was raised to be strongly involved in our culture, songs and dances. It's important to continue on what was passed down to us to our children.

I feel I can provide a positive outlook with an efficient and reliable work ethic. I would love to work alongside Weiwaikum Chief and council on our economics, health, education and culture. It's important to work together with transparency and equality for our band membership for today and our future generations.
