Tuesday of the week from now
until September 30th!

(Blackberry bushes,
cuttings etc.)

Leave 2 bags or the equivalent
at the end of your driveway at
8:00AM Tuesday mornings.

Greetings everyone,

We are delighted to continue the Campbell River Aboriginal Visioning and Empowerment **(CRAVE) Network Circle**. Our next meeting is scheduled for **September 22, 2022 at 9am-11:30ish** in room A125, Robron Centre, 740 Robron Road, Campbell River.

The **CRAVE Network Circle** consists of community members, frontline workers, administrators, managers and youth. The circle is an opportunity to come together and talk about how to implement the community vision. It allows us to plan how we can all work together, in unity, toward positive change for indigenous children, youth and families. We meet every second month to discuss programs and services, issues and wish lists. The circle is hosted by indigenous Outreach Child and Youth Mental Health Team. Knowledge keeper Susan Landell will be holding space for our circle gathering. All are welcome.

Snacks and coffee provided. Please let us know if you need assistance with transportation.

Future **CRAVE Network Circle** dates for your calendar (email reminders will be sent out before each of these dates).

November 24, 2022

Kind Regards,

Indigenous Outreach Child and Youth Mental Health Team

HOME ENERGY AUDITS

ARE YOU INTERESTED IN
HAVING AN ENERGY
EFFICIENCY AUDIT
COMPLETED ON YOUR HOME?

WHETHER YOU'RE LOOKING FOR REBATES, TRYING TO REDUCE YOUR ENERGY BILLS, OR TRYING TO MINIMIZE YOUR HOME'S ENERGY CONSUMPTION, A HOME ENERGY ASSESSMENT IS THE PERFECT PLACE TO START! YOU WILL RECEIVE A DETAILED UNDERSTANDING OF YOUR HOME'S ENERGY CONSUMPTION HIGHLIGHTS (AND LOWLIGHTS). YOU WILL RECEIVE A REPORT FROM A CERTIFIED HOME ENERGY AUDITOR THAT WILL ALLOW YOU TO PARTICIPATE IN THE FEDERAL GREENER HOMES PROGRAM, BC HYDRO'S RESIDENTIAL REBATES PROGRAM OR FORTIS BC'S REBATES PROGRAM

Are you interested in a BC Hydro career?

Currently accepting applications for the following trades:

- Apprentice Meter Technician
- Apprentice Winder
- Apprentice Vehicle Tradesperson: Truck & Transport Mechanic
- Apprentice Mechanic

Deadline to Apply

Sept 14, 2022

Sept 18, 2022

Sept 22, 2022

Sept 23, 2022

AS A BC HYDRO APPRENTICE:

The goal of our apprentice program is to provide students with the practical knowledge and experience needed to be successful in their chosen field after graduation. The program involves extensive classroom training and on-the-job learning where students work alongside some of the best at BC Hydro.

If accepted into our apprentice program, you'll earn 75% of the full trade rate while you learn – with the opportunity for further increases as you progress. You'll also receive an excellent benefits package.

All on-the-job training is under the supervision of a journey person at BC Hydro. Once you've finished your apprenticeship, you'll receive graduation certificates from the Apprentice and Trades Training Committee, the IBEW Local Union 258 and a Certificate of Qualification with a Red Seal Endorsement from the Industry Training Authority.

HOW TO APPLY:

- Visit BC Hydro Careers Page
- Create or update your candidate profile
- Upload Resume, Cover letter & proof of pre-requisite completion, copy of ICBC Driver's Abstract and Claims History and required documentation listed in posting
- Click on the Apply Button in the posting and follow steps

Trafigura Group has an immediate need for a qualified **Environment Technician** at Myra Falls Mine on Vancouver Island, British Columbia. We are an Equal Opportunity Employer and offer a very comprehensive compensation and benefits package.

Make Myra Falls Mine your next career choice!

Reporting to the Environment & Community Engagement Manager, The Environmental Technician manages regular monitoring of environmental infrastructure, effluents and the receiving environment. The Technician monitors for compliance with legislation and permits governing the environmental aspects of the mining operations. This includes the organisation and carrying out of monitoring programs, as well as performing analyses designed to satisfy specific monitoring requirements, and to evaluate the environmental impacts of day-to-day operations. This work requires a significant degree of interaction with various operating departments. More specific responsibilities include, but are not limited to:

Responsibilities

- conduct / supervise contractors for all monitoring required by permits and environmental legislation;
- develop and implement all water quality monitoring programs using best practices;
- maintain monitoring equipment in good working order;
- prepare samples for analyses by outside laboratories.
- maintain records of all monitoring and data analyses;
- analyze and interpret water and soil quality data;
- manage water quality database;
- prepare environmental monitoring reports for various regulatory agencies and in-house reports.
- work with mine staff, stakeholders and regulators to present and discuss environmental management strategies;
- provide support and technical information to site operators and senior management;
- plan and carry-out environmental and reclamation projects involving consultants, contractors and in-house personnel.
- conduct regular site and environmental infrastructure inspections;
- investigate and report on non-compliance events;
- install, monitor and maintain various environmental monitoring instrumentation such as dataloggers;
- Conduct surveys of surface infrastructure

Requirements

- Knowledge of permits and environmental policies, environmental databases, hydrology and best practice sampling procedures, reclamation and closure and field work, use and maintenance of equipment and safety procedures.
- Basic Surface Survey Skills
- Data analysis, entry and management
- Adaptive to changing environment and demands
- Safe boating procedures

Myra Falls offers a competitive wage, comprehensive benefit package, Pension, RRSP and GIA contributions for retirement planning. The incumbent will work a 4X3 work schedule with 1 weekend day.

Interested candidates should send their resumes to Jennifer Cooley jencooley@weiwaikum.ca. We thank all applicants for their interest; however, we are only able to contact those who have been shortlisted.

Explore A Career At Mosaic

Operating for over a century on Vancouver Island and coastal BC, Mosaic Forest Management is Canada's largest private timberland producer. We take pride in our land base and have a long-term view of managing our trees and the eco-systems in which they grow.

The Opportunity

Mosaic is seeking a Quality Control Supervisor to work out of our Nanaimo, BC office.

The Role

Reporting to the Senior Manager, Product Planning, the Quality Control Supervisor will be responsible for leading the Log Quality and Value Recovery program activities to support harvest and purchase volume management activities.

Specific responsibilities include, but are not limited to:

- > Leads the Log Quality and Value Recovery program;
- > Creates and advises on woods log specifications;
- > Oversees distribution processes ensuring changes and updates are carried forward;
- > Monitors log quality processes for consistency and value optimization;
- > Coordinates product planning and production activities;
- > Ensures Contract Management and Log Quality Information systems are maintained and utilized;
- > Monitors log grading and scaling activities as well as log, bundle, and raft quality and
- > Monitors compliance of scale site practices and log quality management activities and processes to health & safety, environmental and ethical standards and industry requirements;
- > Develops quality management plans and monitors Company performance;
- > Participates in department strategic planning initiatives, providing input into budget and priority development;
- > Identifies quality irregularities and deficiencies and develops tactics to address issues;
- > Identifies innovative and cost-effective opportunities to improve existing practices, processes and systems and supports implementation processes where applied.

Required Skills and Experience

- > Undergraduate degree in or equivalent, preferred but not required;
- > 5+ years of quality management/scaling experience within the Forestry industry;
- > Strong communication and interpersonal skills;
- > Strong negotiation skills;
- > Ability to manage deadlines, multiple projects and budgets under time and resource pressures;

- > Working knowledge of coastal log harvest, quality and scaling procedures and systems; and
- > Proficiency in Microsoft Office applications.

What You Get

At Mosaic, we are proud of our highly collaborative, respectful, and innovative work environment. Our employees are empowered with high levels of role autonomy and the ability to make decisions and lead change.

Our pay-for-performance compensation philosophy is a key driver of our culture and includes competitive compensation and benefits, a bonus based on individual and company performance, a company-funded defined contribution pension plan, paid vacation, a health and fitness reimbursement program, and a variety of other benefits and perks.

To Apply

Visit mosaicforests.com/careers and click on the **Job Opportunities** to apply. This position will remain posted until filled.

Mosaic Forest Management is an inclusive workplace. If you require accommodation, at any point during the recruitment process, please email careers@mosaicforests.com.

About Mosaic Forest Management

Mosaic Forest Management Corporation is in the business of sustainable forest stewardship, managing private timberlands and Crown forest tenures in Coastal British Columbia for more than a century.

Mosaic employs several thousand people directly and indirectly, and is committed to achieving positive economic, social and sustainability outcomes from the working forest.

The Mosaic land base spans across beautiful Vancouver Island. Beyond generating strong economic returns, we manage our private forest lands to protect the cultural values of our Indigenous partners, provide sustainable forest stewardship and environmental services, and offer a variety of recreational opportunities, scholarships, and donations to our neighbouring communities.

For more information, visit MosaicForests.com.

Mosaic Forest Management and COVID-19

Mosaic Forest Management is committed to taking every reasonable precaution to provide a safe work environment to protect the health and safety of its employees, contractors and other applicable third parties from the risks of COVID-19.

In keeping with this commitment, all Employees must be Fully Vaccinated *and* must provide sufficient proof of COVID-19 vaccination to Mosaic (e.g., vaccination/immunization cards or records or their BC Vaccination Card).

If employees are unable to be fully vaccinated due to a medical or other reason protected by the B.C. Human Rights Code, They may be eligible to request an accommodation.

NATURAL RESOURCES
TRAINING GROUP

Land Guardian

CERTIFICATE
PROGRAM

COURSE DATES: October 17 to November 18th

COURSE LOCATION: Campbell River, BC

REGISTRATION DEADLINE:

Open to all First Nations residing in NVIATS service area

Land Guardian Program

Course Description:

NRTG's Land Guardian Program (LGP) is designed to meet the increasing demand for skilled guardians employed within communities, industry, non-profit organizations, or regional stakeholder groups. Graduates of this program can perform guardian roles, including observing, recording, and reporting results, information, and advice to industry stakeholders, government, and regulators. Participants learn practical skills and abilities in four core skill areas:

Safety and Fieldwork Logistics:

- Field safety, planning, data collection and management, navigation and orienteering, mensuration and reporting.

Environmental Monitoring:

- Construction site monitoring, spill response, erosion and sediment control, working with legislation, identification, protection and management of sensitive habitats & species.

Identification & Assessment of Environmental Features:

- Basic identification of significant fish, wildlife & vegetation species; introduction to species-at-risk, and rangeland, marine, riparian, and sensitive habitats.

Management:

- Technical writing, business correspondence, fish & wildlife management, project management and supervision.

Pre-Requisites:

A standard one to two-day First Aid course is recommended, but not mandatory. Participants should be prepared for extensive field training.

Students will be paid for their time while attending this course.

Personal Equipment Requirements:

Course participants are required to provide their own personal protective equipment: suitable field clothing (including rain gear), Suunto MC-2 compass, Suunto PM5 Clinometer, Esilon 30m measuring tape, Waterproof Field Book, Bag lunch & refreshments each day, and own transportation.

Course Format:

The Land Guardian Program is delivered over a combined 8 consecutive weeks. The LGP includes online and in-person instruction with 'hands on' training delivered in realistic field conditions.

How Do I Attend?
